# RE/MAX Recognizes Industry's Best for 2014

Ottawa, March 13, 2015 —

At the RE/MAX metro-city annual awards ceremony, held on February 20th at Eighteen in the Byward Market, Laura Seanor was recognized for her professional achievements.

"Laura has been a welcome addition to our team, winning Rookie of the year in 2012 and earning the 100% Club award in 2014 for sales achievement." said Jennifer Skuce, President and Co-Broker Owner of RE/MAX metro-city. "Laura is a delight to work with and her professional approach to sales and positive attitude are a winning combination that has helped grow her business year after year by word of mouth." added Ms. Skuce.

Earlier this year the 2014 industry stats were released showing RE/MAX metro-city leading the way in terms of production per agent by 40%. "RE/MAX metro-city has led in terms of production per agent for the past 20 years. Being involved in more transactions keeps our agents sharp and our clients benefit from this extra experience" offered Ms. Skuce. "But more importantly, our business continues to grow organically by referral which means our clients are happy with the service they receive."

RE/MAX metro-city realty ltd. was established in 1981 and will celebrate 34 years in business in 2015. The company is a locally owned family business operated by Heather and Jennifer Skuce with a salesforce of 200+ agents in nine locations across Ottawa and the Valley. It is the largest RE/MAX franchise in Eastern Ontario.
